声明草案：供作者补定

这些段落只描述当前可核实状态，不是已经确认的投稿声明。前作内容只作为候选来源；本稿公开存档、资助适用性及通讯人均未代填。

Data availability

The clock-comparison records and derived analysis data are maintained in the project’s private research archive. The current delivery contains retained observations, derived results and provenance records for the auxiliary analyses. A public deposition and final access arrangement for this manuscript have not yet been established.

作者需指定原始记录、派生数据、第三方模型数据的访问方式与限制，并补入真实存储链接或访问联系人。以上段落描述当前状态，尚不能替代投稿所需的最终访问说明。

Code availability

The current delivery includes analysis code for the reconstructed auxiliary analyses, together with input and result records. The original code for the V29 triangular-filter analysis was not available in the supplied materials. Legacy results that have not been reproduced are identified separately. No public code-release DOI has been assigned in this delivery.

Funding and acknowledgements

本稿适用资助尚待作者确认。前作 PRL main.tex 的资助段已保存为来源快照，不能直接作为本稿已确认声明。

Competing interests

尚未获得本稿作者确认的利益冲突声明，故不生成“无利益冲突”的句子。Nature 初投声明要求

Correspondence and author contributions

作者名单和顺序沿用已确认稿，贡献说明沿用当前版本；正式通讯人尚需指定。PRL 前作通讯人候选及邮箱记录于 AUTHOR_FACTS_AND_SOURCES.md。Cover letter 暂署 The authors。

AI assistance

AI tools assisted with manuscript drafting and editing and with preparation and checking of analysis code. The authors should confirm the tools used, the scope of assistance and the verification they completed before adopting a final disclosure.
